## FEATURES :

- Best raw material base using Special Grade Virgin LLDPE Material of Reliance, ONGC & GAIL
- Chemical Resistance Crates/Trolley are suitable to store all kind of Color Dye & Chemicals
- Temperature Resistance Crates/Trolley can perform in temperature up to (-20) to 60 degree
- Made using latest manufacturing technique Excellent Finish as well as dimensional consistency
- Seamless construction Crates/Trolley are produced Single Piece ROTO Moulding process
- Reasonable Cost Maintenance free hence reduce the cost by every Trip
- Excellent after-sales service Our team is ready to serve on immediate basis incase on complaint received
- Immunity to maintenance Crates/Trolley has no maintenance cost once it is fitted in MS Trolley/Structure.
- Standard Color : Natural \*\*we can offer various color as per customer requirement
- Trolley/Structure is available optionally with extra cost.

## MARKET SAGEMENT :

- Textiles Industries
- Laundry Industries
- Clothes Industries
- Hospital Industries
- Hotel & Motel Industries
- General Applications
